

30 June 2017

The fund aims to provide long term growth and is designed for investors who are looking for exposure to the UK equity market by investing in a diversified portfolio of UK equity asset. The fund invests predominantly in the shares of large and medium sized companies listed on the UK stock markets and is actively managed by our investment team, who will select stocks to try to take advantage of opportunities they have identified.

The value of investments within the fund can fall as well as rise and is not guaranteed - you may get back less than you pay in. The Fund and its holdings may use derivatives for the purpose of efficient portfolio management, reduction of risk or to meet its respective investment objective if this is permitted and appropriate. The euro value of overseas assets held in the fund may rise and fall as a result of exchange rate fluctuations.
